

# CIGMA MEDICAL CODING ACADEMY

**Medical coding** is the transformation of healthcare diagnosis, procedures, medical services, and equipment into universally accepted alphanumeric codes. The diagnoses and procedure codes are taken from medical record documentation, such as transcribed or handwritten physician notes, laboratory and radiologic results, etc.

## WHY MEDICAL CODING IN MEDICAL SERVICES ?

The backbone for transformation of value-based healthcare services is fundamentally the availability of accurate data through the implementation of medical coding across all streams of patient care.

### DATA COLLECTION

Medical records to medical codes

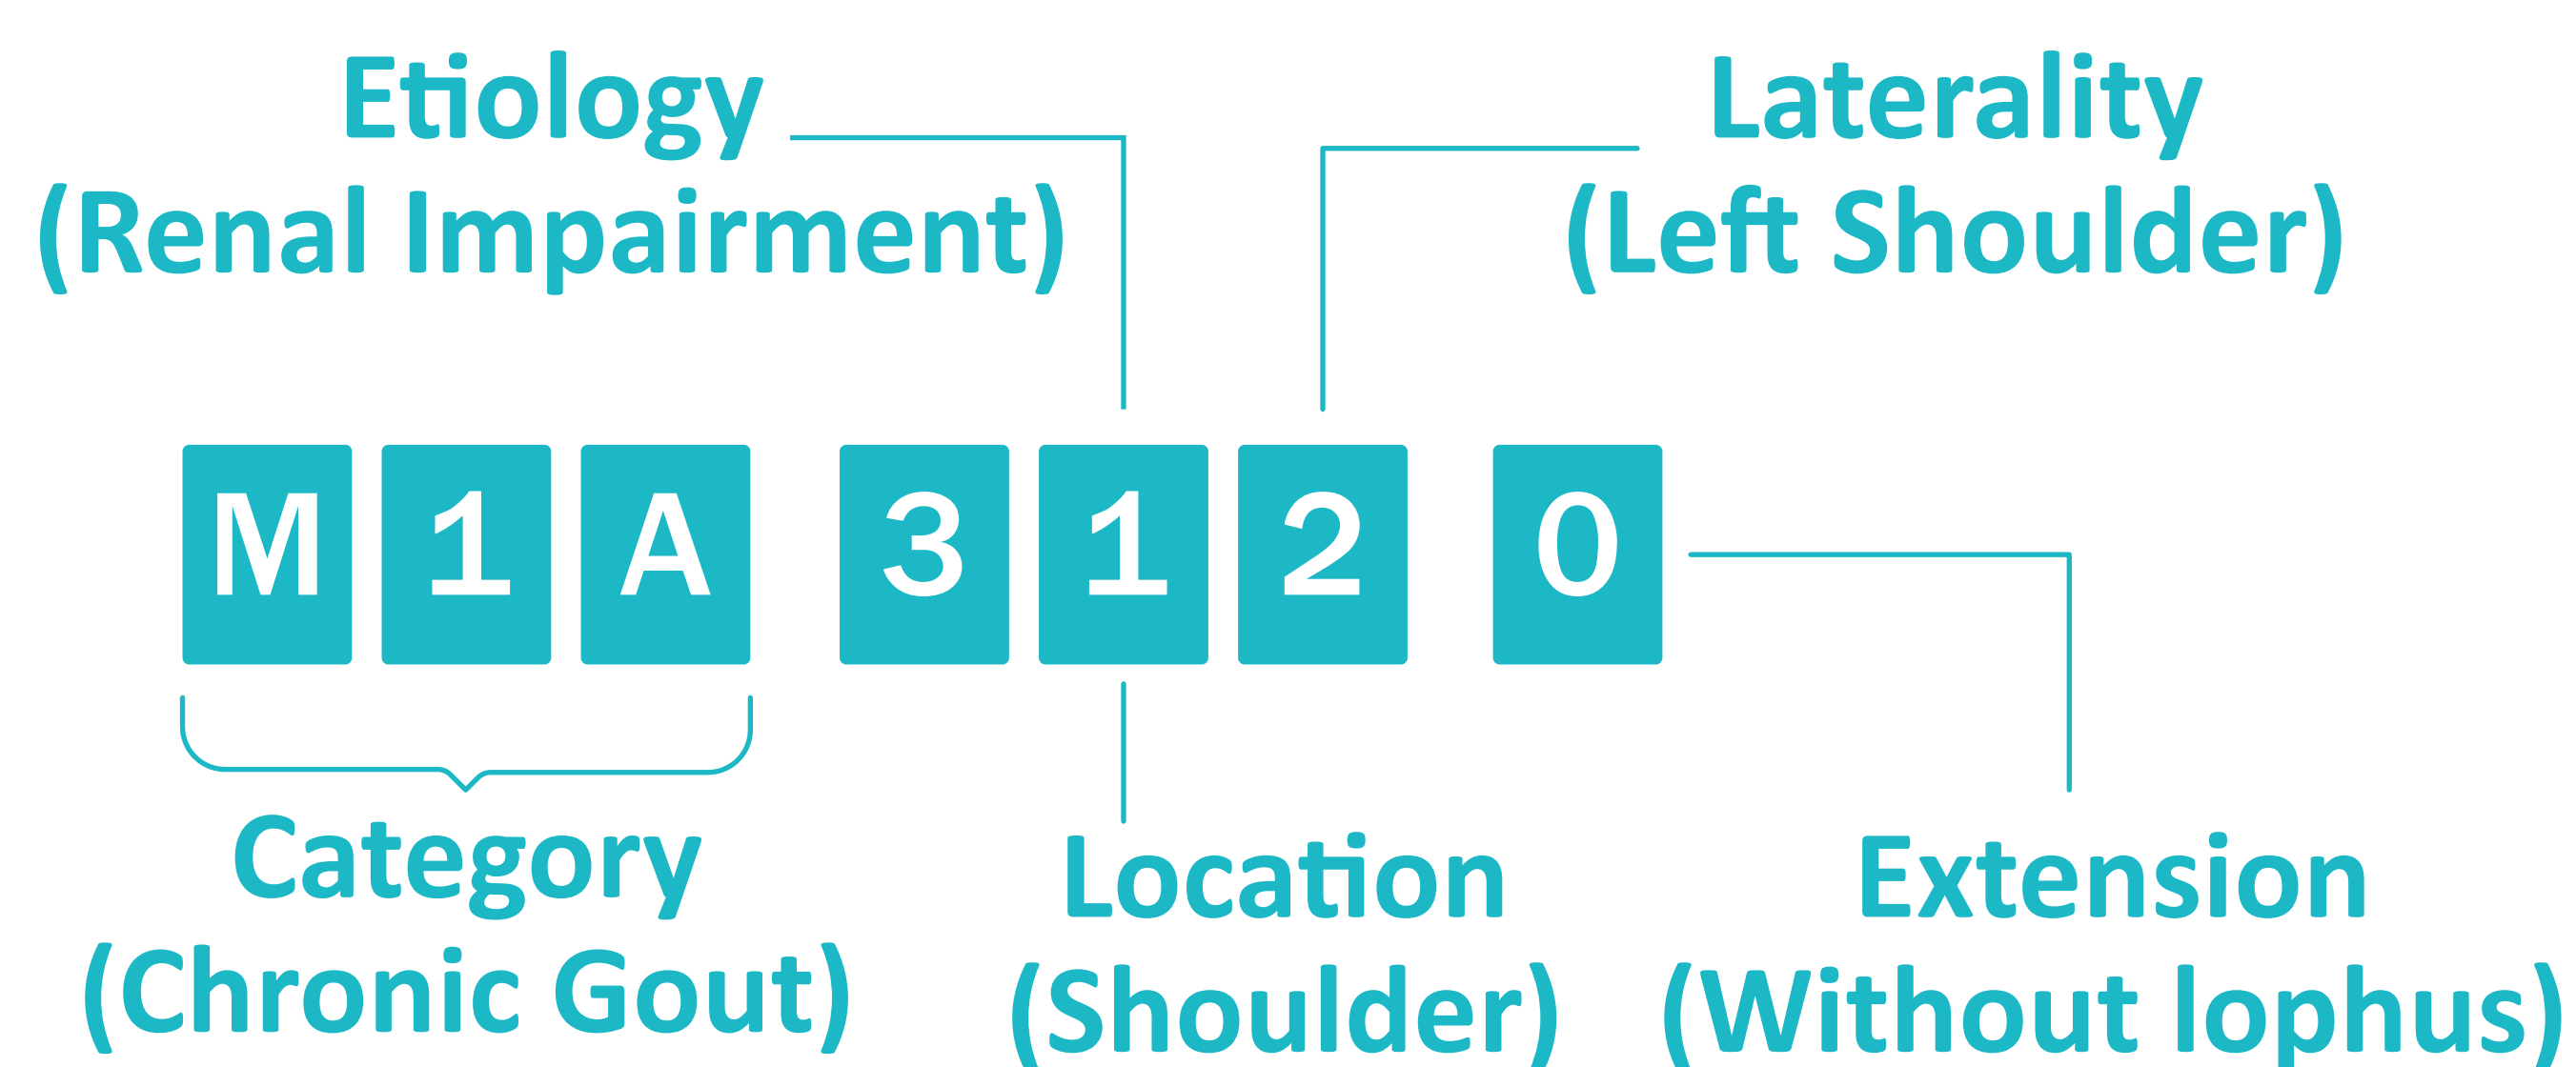

### CLINICAL INTELLIGENCE

Medical coding data to drive better clinical intelligence

Enhanced insights to study care delivery models and provide better care at an optimized cost

The following example shows an ICD-10-CM code for chronic gout due to renal impairment, left shoulder, without tophus.

## How It Benefits and Where Can Use It..?

Policy Making  
Public health  
reporting

- Disease rate
- Death rate
- Birth rate

Healthcare  
Providers

- Improved quality of care
- Enhanced efficiency
- Insurance reimbursement

Healthcare  
insurance

- Improve underwriting
- Introduce automation
- Reduce Fraud, waste and abuse

Clinical  
Professionals

- Clinical pathways
- Education
- Research
- Pharmaceutical Industry

### How to become Qualified Medical Coder?

Highly recommend to attend medical coding certification course and pass the certification exam from AAPC or AHIMA USA.

## About Of Our ACHIEVEMENTS

---

- 1st AAPC recognised Institute in India and Kerala, Service provider of kerala government asap Partner institute of KASA, AHIMA & HIIM Member.
- Indian Express Newspaper indentified as Corporate Champions of Medical coding education.
- Recognized as Promising healthcare training institute of India 2018 by Silicon Valley Magazine USA.
- World Signature Award for Most Trusted brand in Medical Coding training Global Choice excellence Award 2019.
- Awarded as Outstanding Medical coding & Billing education award of India By International Education Summit Held at Bangkok 2020.
- LIS excellence award for Innovative educational brand of the year 2021
- Organizer of AAPC local chapter in Kerala

# COURSES OFFERED IN CIGMA

## Medical Coding Certificate Programs:

- Certificate Program in Medical Coding- United States Classification
- Certificate Program in Medical Coding – Australian Classification
- Certificate Program in Medical Coding Auditing
- Certificate program in HCC Coding
- Certificate Program in Dental Coding
- Certificate Program in Medical Billing
- Certificate Program in IPDRG Coding
- Cigma Internship Program - CIP

### Duration

Online - 4 to 5 Months

Onsite - 3 to 4 Months

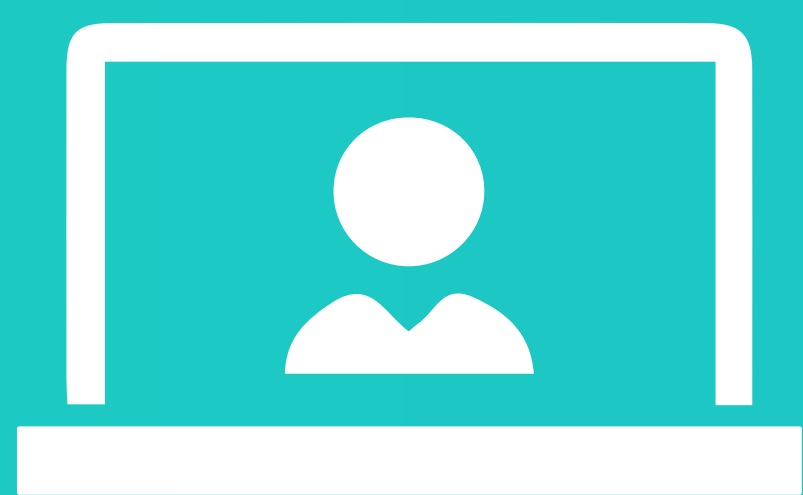

### Eligibility

Master degree / Degree / Medical Diploma or equivalent examination from any recognised Board or Council.

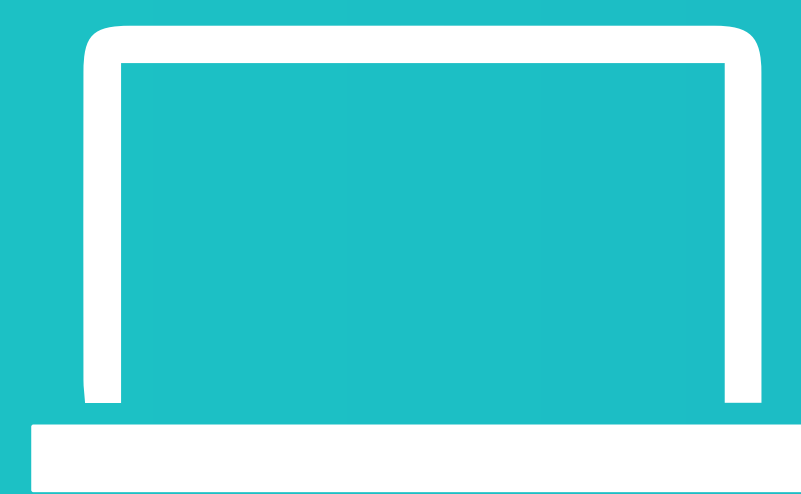

# MODE OF TRAINING

**Instructor led  
online training**

**Self-paced  
training**

**Onsite  
training**

# KEY DIFFERENTIATORS OF OUR COURSE

- AAPC & AHIMA approved curriculum
- Training by well experienced internationally certified instructors
- Practical oriented training
- Hands on practice coding real world, redacted medical records using CPT®, ICD-10-CM, HCPCS, ICD 10 AM, ACHI code sets
- Self-paced course convenient for work schedules: flexibility to complete coursework at home on your own schedule
- 100% Placement assistance as we are registered consultant of 80+ medical coding companies and hospitals in India and abroad
